CITY OF BURLINGTON, IOWA
GOAL SETTING SESSION
2016

Introduction
The City of Burlington requested the Institute of Public Affairs (IPA) to assist the city with goal setting. IPA agreed to organize and facilitate a process that involved the following steps:

1. Prepare a questionnaire to identify recent accomplishments, issues/trends/concerns, potential new initiatives/programs/policies and suggestions to improve organizational effectiveness.

2. Conduct a preliminary session with department heads.

3. Conduct a goal-setting session with the elected officials.

4. Preparation of this report.

Goal Setting Work Session

Note: The agenda for the Goal Setting Session is attached to this report as Exhibit B.
Final Comments

It was a pleasure to once again assist the City of Burlington with this goal setting process. It is important to note that the prioritization of projects and initiatives is not “cast in stone.” They can be modified as new circumstances may occur.

It is recommended that city staff prepare an “action plan” for accomplishing the planning goals. The action plan would define the steps that would be needed to accomplish each goal, identify who is responsible for implementation, and establish a timeline for accomplishment. The action plan should then be presented to the Mayor and City Council for review and approval. It is also recommended that staff review with the Mayor and City Council the status of implementing the goals on a quarterly basis.
