

Burlington Fire Department

Monthly Report

July 2016

“The Mission of the Burlington Fire Department is to provide for the fire and life safety needs of the community in the most professional, courteous, and efficient manner possible.”

Operations

We had 427 calls for service in July with 316 of those calls being in the city limits of Burlington. Compared to the first 7 months of last year our total call volume is up by 156 calls including an additional 196 EMS calls. Our average response time for ambulance calls within the city limits was 5 minutes and 38 seconds. The time starts when DESCOM tones us out and ends when we arrive on scene. This includes Priority 2 calls which are non-emergency (no emergency lights or sirens) responses.

July 22-26, crews provided EMS standby for the Iowa National Guard Fitness Camp in Middletown. Several members also participated in the physical fitness workouts and team building exercises. Over 100 area high school students attended the 5 day camp that not only included physical fitness but also included lessons on leadership, sacrifice, and community service.

Prior to attending the Des Moines County Firefighter's Association meeting in July, Deputy Chief Ryan and Chief Trexel participated in a county-wide communications study forum. A representative from Ehlert & Associates was present to discuss current issues related to radio communications (fire and EMS) throughout the county.

Fire Prevention

In addition to several ongoing fire investigations, Fire Marshal Crooks completed 30 inspections in July. A variety of fire code violations were noted including improper or missing address numbers, open electrical boxes, blocked exits, items hanging on fire sprinkler pipes, and non-operating exit and emergency lights. Crews installed 36 smoke alarms and 2 carbon monoxide detectors in July.

Training

There were 287 hours of training completed in July. All three shifts received training from Heather Butterfield from the Iowa Donor Network on the organ donation referral process. Shift 3 utilized the Dankwardt Pool for both a tactical fitness class and water rescue training.

Other Activities

- Crews provided fireworks standbys for several area fireworks shows.
- Deputy Chief Ryan attended the Henderson County EMS Association meeting.
- Chief Trexel attended Executive Analysis of Fire Service Operations and Emergency Management at the National Fire Academy.

Respectfully Submitted,

Matt Trexel

Fire Chief
