

Burlington Fire Department
Monthly Report
February 2017

The West Burlington Fire Department “redlined” patch is being displayed on our monthly report to pay our respects and honor the life of Firefighter James Franciskovich.

Operations

We had 371 calls for service in February, including 271 within the city limits of Burlington. Our average response time for structure fires, from dispatch to on-scene, was 3 minutes and 38 seconds. This time includes the time it takes to get into turnout (firefighting) gear and drive to the scene. Our average response time for EMS calls in Burlington was 5 minutes and 26 seconds. For EMS calls the time includes some non-emergency responses.

Fire Prevention

Fire Marshal Crooks completed 23 inspections of various types in February. During these inspections he cited 101 violations including citations for issues related to emergency lighting, exits, improper storage, and cooking grease build-up. Crews installed 11 smoke alarms and 2 carbon monoxide alarms. Third Shift completed a pre-planning walk thru of the Tama building.

Training

Crews completed over 400 hours of training in February including several hours on each shift of EMS training. Alliant Energy provided training on all three shifts and provided time for some discussion on how to better utilize their resources. The Iowa Fire Service Training Bureau was here over two weekends to provide refresher training for firefighters and conduct written testing for certifications.

Other Activities

- Lieutenant Brian Luers received his 25 year tenure award.
- Battalion Chief Workman attended the MABAS Command and Control Conference.
- All of our ambulances passed inspection by the State of Illinois Bureau of EMS.
- All three shifts conducted pre-planning at the ADM plant.
- Deputy Chief Ryan and Billing Manager Hunter attended Bridges Out of Poverty training.
- Crews participated in the “active shooter” drill in West Burlington.
- Paramedic Kyle Moser was hired to fill a vacancy.

Respectfully Submitted,

Matt Trexel

Fire Chief
