

## CRAPO PARK ARBORETUM TREE LISTING

The tree listing is made available to help identify, educate and maintain our wonderful arboretum.

All the trees and shrubs, located within the mowed areas of Crapo Park have been tagged, numbered and inventoried. Each specimen will have a small round aluminum tag located on the west side. Large trees will have a tag located 8' above ground level. Shrubs and small trees will have a tag located at ground level on a stake.

The Burlington Parks Department hopes you enjoy your visit to Crapo Park. If you need any further assistance, please contact us at 319-753-8117.
